

Weekly Progress Report - 04/20/2024

- Assignment unavailable on the 27th

1. What has your group done this week?

We began planning for the coming week and worked on getting the website set up.

2. How was the work distributed among team members?

Everyone came together and discussed where to go next with the project.

3. What issues did your group face? Technical and/or team work?

Nothing to report at the moment. Everything has been going fairly well.

4. What is the plan for next week?

Get the project ready to present on May 3rd for the Symposium by working on the website and making sure the code functions.
